## Auditors' Report

H.G.R. (2019) W.Z.No. 021050

To the shareholders of Navin fluorine (Shanghai) Co., LTD,

### I. Opinion

We have audited the financial statements of Navin fluorine (Shanghai) Co., LTD ("the Company"), which comprise the balance sheet as at March 31<sup>st</sup>, 2019, and the income statement, the cash flow statement and the statement of change in equity for the year then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31<sup>st</sup>, 2019, and the results of its operations and its cash flows for the year then ended in accordance with the Accounting Standards for Small Business Enterprises.

### II. Basis for opinion

We conducted our audit in accordance with China Standards on Auditing ("CSAs"). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with China Code of Ethics for Certified Public Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### III. Responsibilities of the management and those charged with governance for the financial statements

The management of the Company is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Standards for Small Business Enterprises, and for designing, implementing and maintaining such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters

related to going concern and using the going concern basis of accounting, unless the management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

#### **IV.Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with CSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are generally considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with CSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (1) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- (3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- (4) Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (5) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements

represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

*(In case of any discrepancy between the Chinese version and the English version of this auditors' report, the Chinese version shall prevail.)*

Head of Accounting:

Head of Accounting:

Legal Representative:

Please give it your attention: notes to the accounting statements constitute a part of the accounting statement.

## **I . Company profile**

Approved by Shanghai Industrial and Commercial Administration on May 12th, 2015, Navin fluorine (Shanghai) Co.,LTD. (hereinafter referred to as “the Company”) is a wholly foreign-owned enterprises funded by Navin Fluorine International Limited, with a registered capital of USD two million. The corporate representative is SUBBARAO TATA. The business scope covers Chemical raw materials and products import and export, domestic wholesale, commission agent, and provide related technical advisory services and ancillary services.

## **II. Basis for preparation of financial statements**

On a going concern basis, the Company carried out its recognition and measurement work based on the transaction and items actually occurred in accordance with relevant provisions of accounting standards for Small Business Enterprises. It was on this basis that the Company prepared its financial statements.

## **III. A statement on compliance with the Accounting Standards for Business Enterprises**

The Company’ financial statements have been prepared in accordance with the Accounting Standards for Small Business Enterprises, which give, in all material respects, a true and full view of the company’s relevant information on financial position, business performance and cash flows.

## **IV. The Company’s major accounting policy and estimates**

### **1. Accounting system**

The Company carries out the Accounting Standards for Small Business Enterprises, and relevant supplementary provisions.

### **2. Accounting period**

The Company’s accounting period is from April 1st to March 31st .

### **3. Reporting currency**

The Company’s reporting currency is Renminbi (RMB).

### **4. Accounting basis and principle**

The Company’s financial accounting is carried out on an accrual basis. Each asset is recorded and measured on a historical cost basis.

## **5. Translation of foreign currency**

Transactions in foreign currencies are translated into RMB at the exchange rates ruling on the same day when transaction occurs and the balance in each foreign currency account is adjusted after converted into RMB at the year-end market exchange rate. The year-end translation differences of special loan account in foreign currency shall be capitalized according to stipulations and charged in the cost of construction in progress if they were incurred before the fixed asset acquired is ready for the intended use. All the rest translation differences of special loan account in foreign currency are charged in the financial cost.

## **6. Criteria of cash equivalents recognition**

In preparation of the cash flow statement, cash refers to all cash in hand and call deposits. Cash equivalents are defined as short-term, highly-liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## **7. Accounting method for bad debts**

Recognition criteria: In the event that debtor, pursuant to law, files bankruptcy or has been deregistered, found dead, missing and therefore becomes insolvent; and debtor fails to perform the obligation of repayment in due time and it is proved by solid evidence that the relevant amount of money can never be collected, the account receivable in question will be written off after approved by certain authority of the Company.

## **8. Accounting method for inventories**

- (1) Inventories should be recorded at actual cost on acquisition and delivery.
- (2) Low value consumable items should be amortized on a lump-sum basis.
- (3) Perpetual inventory system is adopted in inventory-taking.

## **9. Valuation and depreciation of fixed assets**

- (1) Fixed assets refer to buildings, machinery equipment, transportation facilities and other facilities and tools with useful lives over 1 year and relatively high unit value, which are held for the purpose of production, service provision, lease or operating management.
- (2) Fixed assets are recorded at cost when acquired.
- (3) Scope of depreciation: all fixed assets will be depreciated excluding the equipment that has been fully depreciated but is still in use which is separately evaluated and charged in the account.
- (4) Provision for depreciation of fixed assets shall be made by their categories using the composite

life method. The depreciation rate is determined by the categories of fixed assets, estimated useful years and the estimated net residual value ratio of 5%. Depreciation by categories is as below:

Category	Useful life	Yearly depreciation rate
Electronic equipment	3	31.67%
Vehicle	5	19%

#### (5) Subsequent expenditure of fixed assets

Any improvement expenditure that can expand the useful life of fixed asset, actually upgrade the quality of products or reduce the product manufacturing cost shall be charged in the original price of fixed asset. Other expenditures saving the aforesaid such as repair expense shall be charged in loss and profit incurred in current period.

### 10. Principles of revenue recognition

- (1) Revenue from sales of goods: the Company has transferred the major risks of ownership of goods and the corresponding rewards to the buyer; the Company retains neither continuous management right usually related to ownership nor control over the goods sold; business related economic benefits can flow into the Company; relevant income and cost can be measured reliably.
- (2) Revenue from service provision: If the provision of services is started and completed within the same accounting year, revenue should be recognized at the time when service was completed, service charges were received or evidence on cash receipt has been obtained; when the provision of services is started and completed in different accounting years, revenue from service provision should be recognized based on the percentage-of-completion method on the balance sheet date provided that the outcome of a service provision can be estimated reliably.

### V. Taxation

Major taxes and tax rates applicable to the Company

Categories of taxes	Basis for computation of tax	Tax rate (%)
Corporate income tax	Taxable income	25%

### VI. Associated Parties

If the Company is able to directly or indirectly control and jointly control another party or to exert major impact, or the Company and another party or several parties are under the control of the same party, they are regarded as associated parties.
