Dear Sirs,

Re: Acquisition of balance stake in Manchester Organics Ltd., U.K.

We are pleased to inform you as under:

1. As intimated earlier on 3rd May, 2011, the Company had acquired 51% equity shares in Manchester Organics Ltd. (MOL), a company in UK engaged in specialized chemical research.
2. Pursuant to the agreements executed at the time of acquisition of initial 51% equity stake and based on mutual negotiations, NFIL (UK) Ltd., a 100% subsidiary of the Company has acquired the balance 49% equity in MOL at an aggregate price of £ 6.30 million (out of which £ 5.6 million is paid upfront and the balance will be paid in a deferred manner on fulfillment of certain conditions).
3. The Company is having access to some of the cutting edge fluorination chemistries through MOL resulting in enhancement of the Company's capabilities to undertake more complex activities relating to fluorination and add more value to the Company's specialty fluorochemicals portfolio.

Kindly take the above information on record.

Thanking you,

Yours faithfully,
For Navin Fluorine International Limited,

Niraj B. Mankad
Vice-President Legal & Company Secretary
