The employees of the company play a critical and important role in the growth of every company. In order to ensure alignment of employee's interest in the growth of the company and to reward them in a suitable manner, the company had introduced Employees Stock Option Scheme in 2007.

The Company views employee stock options as instruments that would enable the Employees to share the value they would create and contribute for the Company in the years to come.

The appraisal process for determining the eligibility of the employee will be specified by the NRC in its absolute discretion, and may be based on criteria such as seniority of employee, length of service, performance record, merit of the employee, future potential contribution by the employee and/or such other criteria that may be determined by the NRC at its sole discretion. The options granted to an employee will not be transferable to any person and shall not be pledged, hypothecated, mortgaged or otherwise alienated in any manner.

d. Requirements of vesting and period of vesting

The vesting of an option would also be subject to the terms and conditions as may be stipulated by the NRC from time to time including but not limited to satisfactory performance of the employees, their continued employment with the Company/its subsidiaries, as applicable. The options could vest in tranches. The number of stock options and terms of the same made available to employees (including the vesting period) could vary at the discretion of the NRC.
